

ASK

a claim needs a picture
the page's Content division
person

open the unit
display/<page>/
person

MAKE

write the recipe
source/gen_*.py + source_data.csv
person

draw the options
candidates/*.pdf
person

choose one
assets/figure.pdf + .png
person

BUILD

wrap it for the paper
float.tex
person

compile it alone
preview.pdf + .png
script

ship it
displays/<page>/
script

ACCEPT

look at the render
the preview on the page
person

say yes to THIS render
rung 4 + a date
person

cite it in a sentence
rung 5 + the placement row
person

white = a person must do it · grey = a script does it
